The *Banksia*

HOUSE + GRANNY FLAT • 14.02M × 48.16M LOT

The Banksia is a double-storey home of rare scale and thoughtful intention, designed for families who need more than a conventional floor plan can offer. The ground floor operates almost as two homes in one — a self-contained wing with its own kitchen, dining, living, and bedrooms sits quietly alongside the main living areas, offering genuine independence without leaving the family fold. Dual alfrescos, a media room, and a considered layout throughout speak to a home designed around how people actually live. Upstairs, the main bedroom commands its own ensuite, walk-in robe, and private balcony, while three further bedrooms, a sitting retreat, and dual ensuites ensure every member of the household is well accommodated. For families who demand more, the Banksia delivers without hesitation.

MAKE IT YOURS

A starting point, *not a fixed plan.*

Every Meadan home is fully customisable. The Banksia is a considered base design — from here we partner with you to shape it around your block, your lifestyle and your budget.

HOW CUSTOMISING WORKS

01**Start with the brief**

Sit down with our team to talk through how you live, then shape the design around your land, lifestyle and budget.

02**Choose your facade**

Select from the signature frontages for this collection on the back page — or work with us to design your own.

03**Adjust the layout**

Add a fifth bedroom, extend the alfresco, reconfigure living zones or reverse the plan to suit your orientation.

04**Curate the finishes**

Work through kitchen, bathroom, flooring and material selections with us in the Castle Hill showroom.
